Skills

Front End Development

I have solid experience in front-end development, working with tools like Svelte and React to build fast and responsive websites. I'm also skilled in jQuery, CSS, and HTML, which helps me create clean and user-friendly interfaces. With a background in 3D design, I can add some creative flair to my projects. Plus, my knowledge of UI and UX design ensures that the websites I build are not only functional but also easy and enjoyable to use.

Work Experience

Freelance 2020 - 2021

I have significant experience freelancing on platforms like Freelancer, Upwork, and Fiverr, where I've worked with clients from around the world. Over the years, I've taken on a variety of projects, ranging from building complete websites to improving user interfaces and experiences.

easyApp.ma

2021 - 2024

At EasyApp.ma, I worked on a wide range of projects that challenged and expanded my development skills. I contributed to building a live streaming platform, several e-commerce sites, and point-of-sale systems with online menus for cafes and restaurants. I also worked on clinic websites and back-office systems, as well as developing stock management systems.
